

spray)))ttoo®

Tattoo Protection SPF 30

Sun Spray

Sprayttoo® Tattoo Protection SPF 30 Sun Spray

Application after curing the fresh tattoos.
Precaution against the fading of tattooed skin.
Sun protection for sensitive, tattooed skin.

Sprayttoo® Tattoo Protection SPF 30 Sun Spray with tattoo-fade-prevention

Sprayttoo® Tattoo Protection SPF 30 Sun Spray with tattoo-fade-prevention:

Effectiveness: Precaution against the fading of tattooed skin

Cooling Sprayttoo® Tattoo Protection SPF 30 offers high sun protection and natural care in one.

Optimal UVA/UVB filters offer advanced protection against harmful UV rays

The Sprayttoo® Tattoo Protection SUN moisturizing complex, containing panthenol, supplies intensive moisture.

The cooling formula is refreshingly light and is absorbed immediately.

By spraying up the epidermis gets moistened and pliable.

Our specially developed Vitamin-Complex with Hydrocomponents works on tattooed skin:

- Anti Aging
- Increases the resistance of the skin
- Increases the moisture binding of the skin
- Professional protection against harmful UV rays by UVA-/UVB filters.

Tattoo Protection SPF 30 Sun Spray

Sprayttoo® Tattoo Protection SPF 30 Sun Spray

- Exclusively developed as a precaution against the fading of tattooed skin.
- A natural cosmetic (Sprayttoo® Tattoo Protection LSF30 SUN Spray) product.
- Without: animal extracts, PEG, silicones, synthetic dyes and paraben free.
- Water-resistant.
- SPF 30.
- **Anti-Aging Complex with Vitamin E:**
Increases resistance of the skin, promotes metabolism and reduces premature aging by free radicals.
- **Kombu Algae:** The extract from the cell wall of the algae is rich in vitamins A and E and a special lipid, which protects the skin from damage by UV light.
- **Panthenol:** Calms irritated and reddened skin. Bonds the moisture in the skin.
- **Sorbitol:** A natural sugar that derives from hawthorn and which improves the moisture content of the skin.

Certifications

The certification mark ensures that only raw materials which meet the strict requirements, the so-called "BDIH standard", are used for the production. Independent inspection bodies check the declared natural cosmetics products for their ingredients and composition.

This seal is the qualification of the ingredients in natural cosmetics and meets the requirements of the well-known Natural Cosmetics Certifications.

Ingredients: SKIN VITAMINCOMPLEX WITH HYDRO COMPONENTS, AQUA [WATER], SUCROSE STEARATE, BIS-ETHYLHEXYLOXYPHENOL METHOXYPHENYL TRIAZINE, ASCORBYL PALMITATE, BUTYL METHOXYDIBENZOYLMETHANE, ETHYLHEXYL SALICYLATE, GLYCERYL CITRATE / LACTATE/LINOLEATE/OLEATE, GLYCERIN, PANTHENOL, DICAPRYLYL CARBONATE, GLYCERYL CAPRYLATE, BENTONITE, XANTHAN GUM, GALACTOARABINAN, PHENOXYETHANOL, CAPRYLIC/CAPRIC TRIGLYCERIDE, CHOLESTERYL HYDROXYSTEARATE, MENTHYL LACTATE, SORBITOL, AROMA [FRAGRANCE], POTASSIUM CETYL PHOSPHATE, TOCOPHERYL ACETATE, ALLANTOIN, GLYCINE SOJA OIL [SOYBEAN], LAMINARIA OCHROLEUCA EXTRACT, LINALOOL, ALCOHOL, ETHYLHEXYL TRIAZONE, LECITHIN, BENZYL SALICYLATE, TOCOPHEROL, HYDROGENATED PALM GLYCERIDES CITRATE, CITRONELLOL, CITRAL, LIMONENE
